Three best friends, a lake house, a secret trip - what could go wrong?

It was supposed to be the perfect prom weekend getaway. But it's clear something terrible happened when Claire wakes up alone and bloodied on a hiking trail with no memory of the past forty-eight hours.

Three went up the mountain, but only one came back.

Now everyone wants answers - most of all, Claire. She remembers Friday night, but after that... nothing. And now Kat and Jesse - her best friends - are missing.

That weekend changes *everything*.

What happened on the mountain? And where are Kat and Jesse? Claire knows the answers are buried somewhere in her memory, but as she's learning, everyone has secrets - even her best friends. And she's pretty sure she's not going to like what she remembers.
